

NAP EXPO
CHILE 2023

NATIONAL ADVISORY BOARD
on Climate Change and Disaster Risk Reduction

GOVERNMENT OF VANUATU

Presentation on needs for Technical Assistance for the NAP Process in Vanuatu

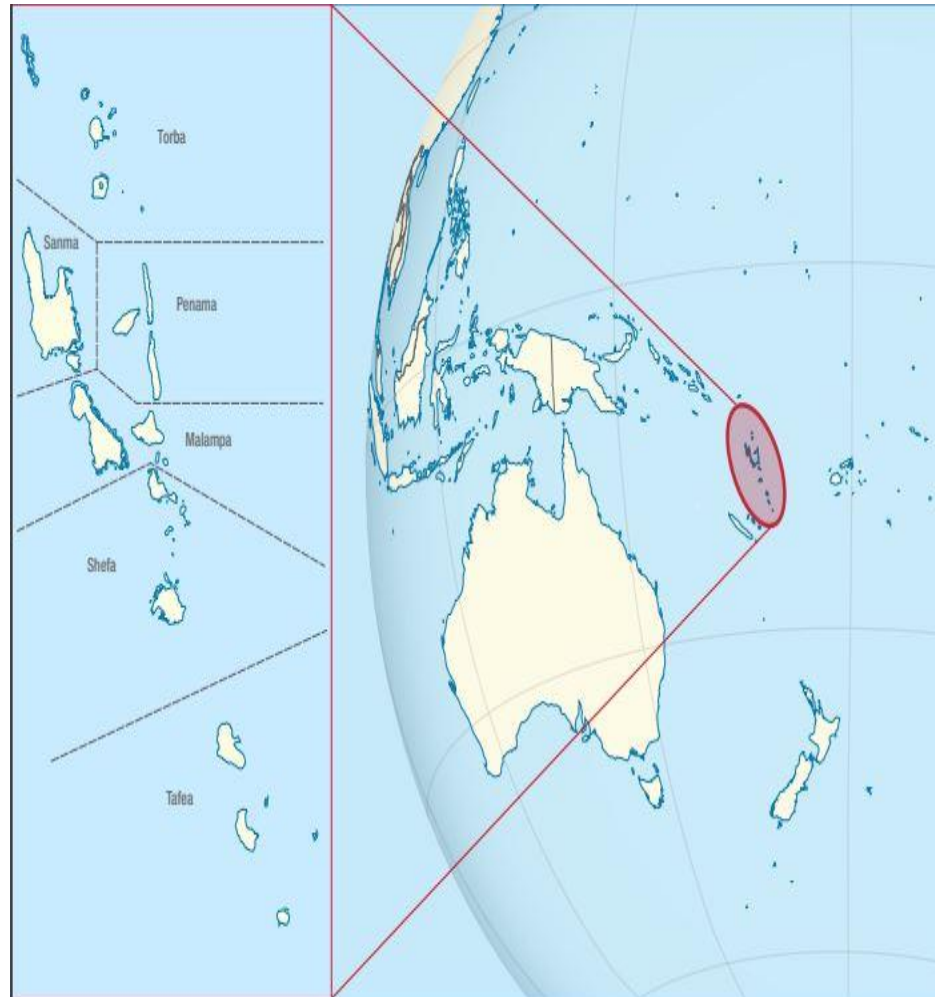

Florence Iautu

Ministry of Climate Change, Government of Vanuatu

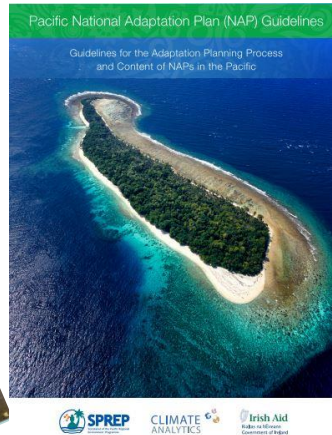

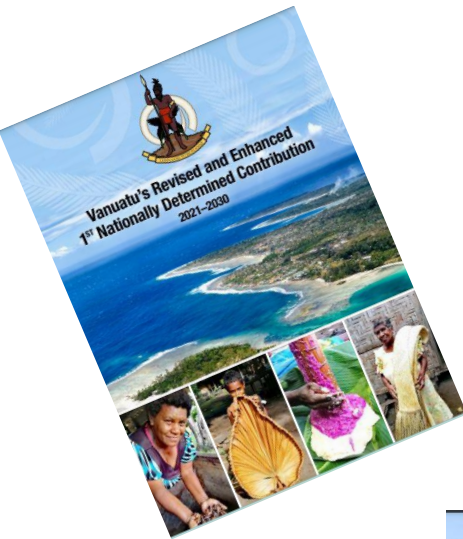

NAP Expo 2023 – Santiago, Chile

Vanuatu as a Nation facing Climate Change Impacts

Adaptation is our nation's top climate priority, to build the resilience of the social, economic and environmental systems on which our sovereign identity is based.

National Adaptation Plan (NAP) Efforts

Pacific NAP Guideline

- A guideline on NAP Process for PSIDS.
- Establishing Institutional Arrangements (Vanuatu NAB)

CCDRR Policy (Joint NAP) 2022 - 2030

- The integration of climate change adaptation and disaster risk reduction initiatives across all sectors.

Enhanced NDC 2022 - 2030

- 116 Adaptation commitments
- 12 Loss & Damage commitments

NAP GCF Readiness Proposal

- Looks at strengthening Government Institutional capacities to support the NAP Process.

Adaptation Projects

- More than half of climate change projects in Vanuatu are Adaptation Projects

Coral gardening for CC Adaptation in Vanuatu

Prioritized Needs for Technical Assistance (support requested by Vanuatu via UN4NAPs)

1. Multicriteria Vulnerability Index

- National Vulnerability Assessment Framework - Strengthen the institutional processes of NAB/NDA (climate-resilient decision-making, project prioritization (Development/Implementation) and financial allocation)

2. Risk Insurance Modality

- Private/Public engagement framework

3. Institutional strengthening

- Capacity, capability and resources (Technology)

Prioritised Needs Continues.....

4. Research

- Conducting climate risks and Disaster Risk assessments for better planning.
- Case studies development.

5. Finance

- Access to Climate and Disaster Financing for Adaptation.

6. Information Management Systems

- Climate Risks and disaster information, National CC Portals and climate data collection and information.
- Climate Finance Tracking Tool.

7. Monitoring & Evaluation

- To support development of online systems.

Vanuatu's National Advisory Board on Climate Change & Disaster Risk reduction (NAB) is the supreme policy making and advisory body for all disaster risk reduction and climate change programs, projects, initiatives and activities.

The NAB develops DRR and CC policies, guidelines and positions, advises on international and regional DRR and CC obligations, facilitates and endorses the development of new DRR & CC programs, projects, initiatives and activities, acts as a focal point for information, advice and coordination on CC, DRR, and
