Support  
to the LDCs  
2001 - 2021

# Workshop objectives

Providing hands-on technical assistance to the LDCs for finalizing their first NAP;

---

Providing hands-on technical assistance to the LDCs for implementing their NAP including through developing adaptation project ideas based on the NAP for eventual submission to the GCF, as well as to the LDCF and AF;

---

Supporting the LDCs in developing or updating their NAP road maps for 2022 and the medium term, and in identifying the technical support required from the LEG and other providers to best assist them.

---

As part of the efforts to produce annual NAP progress reports, the LEG will also:

- Take stock of the progress of each LDC in formulating its first NAP;
- Take stock of the progress of each LDC that has submitted a NAP in implementing the associated policies, projects and programmes;

# Workshop expected outcomes

**Towards successful adaptation** by supporting the countries to advance their NAPs on all fronts – from the **formulation** of the NAPs to the **implementation** of the policies, projects and programmes identified in their NAPs.

Countries working on their **first NAP** will be assisted in **advancing on their NAP**, with feedback given based on best practices on the contents of the NAP identified to date.

**Produce two project ideas** to advance implementation of NAPs

Identify other **needs for support** of the LEG and other organizations for the formulation and implementation of NAPs
